

**Call for papers for a cost free and peer review journal**

**Journal of Nuclear Sciences (JNS)**

Print ISSN: 2147-7736; e-ISSN:2375-4222

Web Address: <http://jns.ankara.edu.tr/>

DOI number: 10.59474

*Journal of Nuclear Sciences (JNS)* is an open access, cost-free and peer-reviewed international scientific journal acting in the field of nuclear sciences **two times a year**. This journal covers the science and technology(S&T) papers, and continues the publishing activities under the Dergipark ULAKBIM journal submission system.

*Journal of Nuclear Sciences (JNS)* aims to integrate scientists developing different methods and special nuclear techniques used in different fields of Nuclear Science and Technologies. The topics that fall into the scope of the journal can be listed as: Mechanisms of Interaction of Radiation with Matter, Radiation Detection and Measurement Methods, Radiation/Nuclear Spectroscopy, Nuclear Structure Physics, Instrumental NAA/PGNAA/FNAA, Neutron Depth Profiling (NDP), Plasma and Fusion, Radiation Physics, Radionuclide Metrology, Medical Physics, Health Physics, Radiation Imaging, Medical Imaging Systems, Medical Dosimetry, Monte Carlo Simulation Studies, Radiation Protection Physics Methods, Nuclear Safety, Nuclear Security, Radioactive Source Safety and Security, Nuclear Forensics, Environmental Radiation Monitoring, TL/OSL Dosimetry, ESR/EPR techniques, Accident Dosimetry, Retrospective Dosimetry, Film Dosimetry, MOSFET and other semiconductor based dosimetry, Radiation Research and applications, Radiation Shielding Techniques, Radioisotope, Nuclear Techniques and Spectrometry (gamma-ray, charged particle), EDXRF/EDX/XPS, Radiochemistry, Neutron and Reactor Physics Concepts, Nuclear Materials, Radiometric Age-Dating Techniques, Nuclear Techniques in Plant Breeding and Radiation Applications, Detection of Irradiated Food.

*Journal of Nuclear Sciences (JNS)* adheres to the publication ethics principles, standards and recommendations based on the guides by the Committee on Publication Ethics (COPE). At least two blind peer-reviewers evaluates the manuscript after language editing. Accordingly, manuscripts that do not comply with ethical standards are not accepted. The studies to be printed must not have been published anywhere before and their rights to publish have not been granted. Within the scope of publication ethics, all stakeholders (authors, reviewers and editors) are expected to have ethical responsibilities.

*Journal of Nuclear Sciences (JNS)* publishes the papers have stated following features: original and novel, interest to the nuclear community, have sound motivation and purpose, add significantly to research already published and have not been published previously.

*Journal of Nuclear Sciences (JNS)* is currently indexed in **CiteFactor** and aims to TR INDEX provided by TUBITAK ULAKBIM.

We would like to invite you to submit a **Research article**, **Review article** and **Full-text Conference proceedings** to *JNS* journal based on your research interests, which would be published in the upcoming issue for our journal. We provide DOI number for every article after publication by means of CROSSREF database.

*Journal of Nuclear Sciences (JNS)* does not charge for any article submission or **fully cost-free** for processing and publication.

**The journal is published in both print and online.**

To send your manuscript to the *Journal of Nuclear Sciences (JNS)* please login <https://jns.ankara.edu.tr>.

Thank you for your consideration.

With thanks,
