

ICHORA 2025

May 23-24, 2025
Ankara, Türkiye

7th International Congress on Human-Computer Interaction, Optimization and Robotic Applications

Call for Papers

Welcome to ICHORA2025

The congress aims to bring scientists, experts, instructors, non-governmental organizations and private sector representatives together to share and discuss theoretical and practical knowledge in a scientific framework. In addition to cutting edge research paper presentations in human-computer interaction, optimization and robotics areas, the congress serves as a multi-disciplinary platform for discussing current issues in the engineering areas.

Topics & Scope

- Track 1:** Human-Computer Interaction
- Track 2:** Intelligent Control Systems and Optimization
- Track 3:** Robotic and Automation Applications
- Track 4:** Artificial Intelligence (AI)
- Track 5:** Electrical and Electronics Technologies
- Track 6:** Interdisciplinary Topics

Conference Submission Options

All submitted full papers will be double-blind peer-reviewed and evaluated based on originality, research content, correctness, relevance to congress and readability. Accepted and presented full papers will be published in IEEEXplore. Additionally, abstracts, tutorials and poster presentations will be published with ISBN in the ICHORA2025 companion proceeding.
