

## FACULTY OF HEALTH SCIENCES

Faculty of Health Sciences was established by at the meeting of Council of Ministers in 25/06/2012 with the decree number 2012/3363 and publication of Official Gazette dated 04/08/2012 and numbered 28374. It aims to provide education and research at undergraduate and graduate level. Proposal of opening the departments of Speech and Language Therapy and Social Work in our faculty was examined at the Council of Higher Education in 15/08/2012 and was approved in accordance with the provisions of Article 7/d2 amended by Law No.2547. In the 2012-2013 academic year, the students were admitted with additional quota. In all our departments, English Preparatory School is offered on a voluntary basis.

Dean :  
Secretary of Faculty : Mehmet YÖNT

### STAFF

**Professors:** Nuray GÖKÇEK KARACA, İlknur MAVİŞ, Şükrü TORUN

**Associate Professors:** Müzeyyen ÇİYİLTEPE, Semra SARUÇ, Bülent TOĞRAM

**Assistant professors:** Nurdan CANKUVVET AYKUT, Orhan Selçuk GÜVEN, Erol KARACA, Elçin TADIHAN ÖZKAN, Aylin Müge TUNÇER

**Research Assistants:** Hüsünür ASLANTÜRK, Eren BALO, Betül ÇİFÇİ, Deniz KAZANOĞLU, Azmi Recep ÖZDAŞ, Merve Nur SARIYER, Semra SELVİ, Nevin YILMAZ

**Others:** Yunus Serhat ÇAYIR, Nurten KARATAŞ, Şükriye KAYHAN AKTÜRK, Hasan PAMUK

### DEPARTMENT OF LANGUAGE AND SPEECH THERAPY

The Education, Research and Application Center for Language and Speech Disorders in 1999, the Speech and Therapy Master of Science Program affiliated with the Department of Language and Therapy which was established in 2000-2001 academic year in The Institute of Medical Sciences, and the start of Doctor of Philosophy program in 2004. Speech and Language Therapist is defined as a legal member of a medical profession. The scientific field of this profession include complementary interdisciplinary and multi-disciplinary independent fields such as biomedical sciences (anatomy, physiology, neurology, pediatry, psychiatry, genetics, otolaryngology, physical therapy and rehabilitation, audiology) clinical linguistics (phonetics, acoustics, phonology, psycholinguistics, neurolinguistics), psychology, cognitive neuropsychology and special educational sciences. The education is carried on with required hands on clinical studies as well as elective courses. Consequently, this creates a contribution to meet the requirements of the region and the country in terms of qualified and equipped certified staff. Currently there are 2 professors, 1 associate professor, 4 assistant docent and 6 research assistants in the department.

Head : Prof. Dr. Şükrü TORUN  
Deputy Head : Asst. Prof. Dr. Elçin TADIHAN ÖZKAN  
Deputy Head : Asst. Prof. Dr. Aylin Müge TUNÇER

### PROGRAM

## COURSE CONTENTS

### **ANA 129 Human Anatomy 3+1 4,0**

Definition and Terminology of Anatomy; Organization of Body; Anatomical Positioning; Anatomical Structures of Human Body; Cell, Tissues, Membranes; Central and Peripheral Nervous System; Motor System; Anatomy of Head and Neck; Voice, Articulation, Hearing, Respiration, Swallowing and Resonance Structures; Muscles, Bones, Nerves; Imaging of Anatomical Structures.

### **ANA 131 Human Physiology 3+1 4,0**

Definitions and Terminology of Physiology; Functional Processing and Mechanisms of Anatomic Structures of Human Body; Cell Physiology; Neural and Hormonal Mechanism; Neural Transmission; Physiology of Central and Peripheral Nervous System; Muscle Physiology; Physiology of Respiratory System; Head and Neck Physiology; Physiology of Resonators and Articulatory Systems and Hearing, Voice, and Swallowing Mechanisms.

### **ANA 212 Biomechanics 2+0 2,0**

Basic Terms and Principles Related to Biomechanics; Examination of Biomechanics of the Musculoskeletal System in Phonation, Articulation, Resonance and Swallowing Disorders; Valve and Lever Mechanisms in Speech and Swallowing System: Anatomical connections of these mechanisms, Forces of joints, Stability of joints and Functioning of connections, Biomechanical properties of tissues and joints that constitute this mechanism (muscle tendons, ligaments); Clinical Cases.

### **ANA 221 Kinesiology 2+0 2,0**

Physiological Properties, Mechanics and Pathomechanics of Muscles, Bones and Joints in Articulators and Respiratory Mechanism That Allow Phonation, Articulation, Resonance and Swallowing Functions; Normal and Pathological Neuromuscular Movements of These Structures; Use of Subjective and Objective Methods of Evaluation in Kinesiology (Goniometric Measurements, Palpation, Breathing Tests).

### **ANP 104 Social Anthropology 2+0 3,0**

Definition of Anthropology; Sub-disciplines of Anthropology; History of Anthropology; Human Evolution; Research Areas in Social Anthropology; Primitive Society; Theories of Social Anthropology: Evolutionary school, Diffusionist school, Functionalist school, Structuralist school; Concept and Theory of Culture: Cultural processes; Lineage, Family and Kinship Relations: Modes of marriage, Kinship systems; Religion: Worship, Magic, Taboo, Rituals, Totem, Mythology.

### **ARY 115 Research Methods in Health Sciences 2+0 2,0**

Basic Concepts: Science, Method, Theory, Hypothesis, Paradigm, Deductive and inductive reasoning; Subjective and Objective Views; Scientific Knowledge Approaches: Age of enlightenment (age of reason), Differentiation of

social sciences and natural sciences, Positivist approach, Interpretive approach; Different Methods in Health Sciences; Data Collecting and Measurement Techniques; Basic Research Methods: Descriptive, Correlational, Comparative, Experimental Research Types, Observation, Interview, Test, Scales; From Problem Solving to Scientific Research; Scientific Ethics; Sample Research Topics.

### **ARY 117 Research Methods in Social Work 3+0 3,0**

Basic Concepts: Science, Method, Theory, Hypothesis, Paradigm, Deduction, Induction, Subject, Object; Approaches to Scientific Knowledge: Enlightenment, Distinction between social and natural sciences, Positivist approach, Hermeneutical approach; Methodological Differences in Health Sciences; Techniques of Data Collection and Measurement; Basic Research Methods: Descriptive, Correlational, Casual-comparative, Empirical researches; Basic Research Techniques: Observation, Interview, Test, Questionnaire, Scale; Relations between Scientific Research and Problem Solving; Scientific Research Ethics; Research Subjects in Social Work and Sampling.

### **ARY 412 Overview of Qualitative Research 2+0 2,0**

Transformation of Scientific Paradigm; Similarities and Differences of Quantitative and Qualitative Research; Qualitative Research Methods; Qualitative Research Process; Sampling in Qualitative Research; Data Collection Methods in Qualitative Research: Interview, Focus group interviews, Observation, Document analysis; Use of Metaphor; Qualitative Data Analysis; Reliability and Validity in Qualitative Research; Action Research; Contribution of Qualitative Research to Science.

### **BEÖ 155 Physical Education 2+0 2,0**

Definition of Physical Education and Sports; Aims, Disadvantages of Inactive Life; Various Activities for Physical Education; Recreation; Human Physiology; First Aid; Sports Branches: Definition, Rules and Application; Keep Fit Programs.

### **BİL 150 Fundamentals of Information Technology 4+0 5,0**

Introduction to Computer: History of Computer; Operating Systems: Introduction to operating systems; Office Software-Word Processors and Document Systems: General Characteristics of the Office Software; Office-Software-Spreadsheets Programs: Spreadsheets Programs; Office Software-Presentation Programs: Presentation Programs; E Mail-Personal Communication Management: General Characteristics of the E Mailing System; Effective use of the Internet and Internet Security; Network Technologies. Computer Hardware and Error Detection: Types of Computers; Social Networks and Social Media: Social Media and Introduction to Social Media; Special Application Software: Multimedia; Law and Ethics of

Informatics: Intellectual Property and Informatics Law; E-Learning: Developments in E-Learning; E-Government Applications; Computer and Network Security; Latest Strategic Technologies of Informatics: Factors Affecting Technological Developments.

**BİY 466 Introduction to Human Genetics 2+0 2,0**

Overview of Genetics; Basics and Prevalence of Genetic Disorders; Pathogenesis of Disorders; Chromosomal Disorders and Genetic Consultation; Single-cell Disorders and Genetic Consultation; Autosomal Dominant Disorders, Autosomal Recessive Disorders, X-Chromosome Disorders; Molecular Bases of Metabolic Disorders; Molecular Bases of Disorders with Non-Mendelian Patterns of Heredity; Hereditary Bases of Prevalent Disorders; Approaches to Clinical Problems: Infertility (Male- Female), Fetal Losses, Mental Retardation, Cancer; Information about Population Scanning; Importance of Hereditary Disorders in Language and Speech Disorders.

**ÇEK 205 Social Policy 3+0 4,0**

Basic Concepts; Objectives and Scope of Social Policies; Tools and Limitations of Social Policies; Historical Development of Social Policies in Turkey and World; Comparative Analysis of Social Policies; National and International Dimensions of Social Policies; International Social Policy Organizations and Theirs Functions in Social Policy; Financing of National Social Policies; Basic and Current Topics of Study.

**ÇEK 214 Social Planning 3+0 4,0**

Institutional Fundamentals of Planning and Social Planning; Economic and social context of development planning, Definition of social planning, Relationships between social planning and social development, Planning typologies, Planning Strategies; Planning in Turkey and Social Planning: Historical development of planning in Turkey, Legal basis and structure of planning organization in Turkey, Social contents and qualifications of development plans in Turkey, Turkish Development Plans in terms of social planning approaches; Social Problems and Social Planning Applications in the Planned Period in Turkey.

**DKT 103 Introduction to Communication and Speech and Language Pathology 2+0 2,0**

An Overview of the Profession; History of Speech and Language Therapy in the World and in Turkey; Job Description of Speech and Language Therapist; Causes, Types, Characteristics and Classification of Communication Disorders; Language and Speech Disorders in Terms of Clinical and Educational Criteria; Speech Disorders: Language disorders, Articulatory and phonological disorders, Stuttering, Hearing impairment, Voice disorders, Neurogenic communication disorders.

**DKT 104 Neuroanatomy and Neurophysiology of Speech and Language 3+0 3,0**

The Anatomical, Physiological, Neurological and Neuro-anatomical Bases of Speech and Language; Central and Peripheral Nervous System: Brain and the peripheral organs

etc.; Functions of Speech and Language According to Localization and Holistic Views; Functional Asymmetry; Neuroplasticity; Functions of Peripheral Organs in Speech.

**DKT 105 Hearing Science 2+1 3,0**

Hearing Science; Profession of Audiology: Definition, Scope; Audiology System; Structure, anatomy and physiology of ear, Its function of hearing; Auricular Signal, Its Acoustic Features; Frequency, Volume and Temporal Discrimination; Psychoacoustics and the Perception of Voice; Processing of Acoustic Signal; Processes and Models of Acoustic Perception; Acoustic Vigilance and Progress of Acoustic Perception.

**DKT 107 The Fundamental Principles Of Rehabilitation 1+0 1,0**

Basic Concepts and Principles of Rehabilitation; Definitions and Concepts of Insufficiency, Disability, Impairment and Language Disorders; Interdisciplinary and Multidisciplinary Studies; ICF-The International Classification of Functionality, Disability and Health: Functional evaluation of insufficiency and disability in individuals with language-speech, voice and swallowing disorders and Rehabilitation of people with these disorders.

**DKT 108 Phonetics and Phonetics Laboratory 2+1 3,0**

Phonetics: Terms and concepts; Speech Organs and Their Functions; Characteristics of Speech Sounds; Vowels; Consonants; Minimal and Maximal Distinctions; Distinctive Features; Theories of Speech Production; Phonation and Voice Quality; Suprasegmental Features; International Phonetic Transcription; Sound Inventory of Turkish; Phonetic Analysis Techniques; Acoustic and Aerodynamic Measurement Tools.

**DKT 110 Embryology Information for Language and Speech Therapy 1+0 1,0**

Definition of Embryology; Importance of Embryology for Language and Speech Therapists; Embryological Development; Fetus Term; Segmentation; Blastulation; Gastrulation; Formation of Neurulation and Germs Folium: Formation of ectoderm, Formation of mesoderm, Formation of endoderm; Organogenesis: Formation of eye, Formation of nervous system, Development of lip and palate: Embryology of the lip and palate, Spaces of the cleft lip and palate, Embryology of lips and palates, Development of craniofacial, Bones of the skull development, Theories, combination of extensions, mesodermal migration.

**DKT 112 Speech Science: Acoustics of Hearing and Speech and Perception 3+1 4,0**

Acoustic Features of Hearing and Speech: Physics of Sound, Sound waves, Frequency, Loudness, Period, Volume, Pitch and Intensity; Phonetics: Related concepts; Speech Sounds, Phonetic Transcription Techniques; IPA; Phonetic Inventory of Turkish, Articulatory Phonetics, Auditory Phonetics.

**DKT 204 Applied Behavior Analysis 3+0 4,0**

Definition, Characteristics and Principles of Applied Behavior Analysis; Collection of Data Related to Behavior and Behavior Measurement, and Data Graphics; Writing Behavioral Goals; Methods of Behavior Measurement; Interpreting Graphs Related to Behavior; Methods of Reinforcing Proper Behaviors; Effective Reinforcement Techniques; Other Methods Used for the Elimination of Improper Behaviors; Prevention of Problem Behaviors; Preparing a Plan for Behavior Change.

**DKT 206 Audiology in Speech and Language Therapy II 2+2 3,0**

Language and Speech Disorders in Hearing Loss; Language and Speech Assessment in Hearing Loss; Basic Mechanism, Implementation and Assessment of Cochlear Implant; Aims and Principles of Cochlear Implant Rehabilitation in Children and Adults; Assessment of Evaluation After Implantation; Language and Speech Therapy and Rehabilitation Methods for Hearing Problems.

**DKT 207 Ear Nose Throat Diseases and Craniofacial Anomalies 3+0 3,0**

Otolaryngological Information; Hearing Organ; Ear, Ear structure, Anatomy and physiology of ear, Functions of ear; Ear, Nose, Throat Diseases That Affect Communication, Language and Speech: Outer ear diseases, Middle and inner ear diseases and Face anomalies; Importance of Knowledge of Ear Nose Throat Diseases for Speech and Language Therapists; Clinical Practice.

**DKT 211 Individuals With Special Needs 2+0 2,0**

Definitions and Terminology Related to Special Educational Needs; Main Groups with Special Needs: Mentally handicapped individuals, Individuals with pervasive developmental disorder, Individuals with hearing loss, Visually impaired individuals, Individuals with speech and language disorders, Gifted individuals, Individuals with learning difficulties, Individuals with emotional-behavioral problem; Educational Initiatives for Individuals with Special Needs; Special Education; Inclusion and Support as Special Education Services; Special Education in Early Childhood and Pre-School Periods; Special Education in Turkey; Welfare State and the Disabled in Turkey and the World; Public Policies for Persons with Disabilities: Past, present; The Quality and Quantity of Disabled Population in Turkey; Situation of Persons with Disabilities in Social Life; Situation of Persons with Disabilities in Working Life; Search for Policies and Education Opportunities for the Disabled.

**DKT 213 Effective Speech and Diction for Speech and Language Therapists 2+0 2,0**

Importance of Effective Speech and Accurate Pronunciation for Speech and Language Therapists; Importance and Ways of Using Voice Effectively and Economically by Organizing Respiration Mechanisms: Inhale and exhale exercises, Qualified and effective Speech; Diction Exercises; Accurate and Appropriate Intonation; Use Stress;

Preparing Speech Texts and Using Effective and Accurate Diction in Presentation.

**DKT 214 Introduction to Cognitive Neuroscience 2+0 3,0**

Neuroscience and Cognitive Neuroscience: Scope, Historical development, Relations with other disciplines; Organization of the Nervous System; Relations of the Brain Mechanism with Psychological and Cognitive Functions; High-Level Functions; New Developments on How Emotional Brain Develops and Operates; Research on Consciousness; Visual Perception and Cognition, Thinking and Reasoning, Timing, Social Cognition, Decision Making, Cognitive Development; Metacognition and Cognitive Control Processes; Emotion Regulation; Executive Functioning; Disorders due to Central Nervous System Damage; Brain Imaging Methods and Techniques (PET, Fmri, SPECT vb.); Radiological Imaging; Neurolinguistic Approach to Speech and Language Disorders with Clinical Examples.

**DKT 215 Voice and Music for Speech and Language Therapists 2+0 2,0**

Voice, Music and Brain; Mechanisms of Human Voice Production, Basic Information about Respiration; Nature of Respiration, Normal and Abnormal Respiration for Voice, Accurate Respiration Techniques; Accurate and Proper Use of Voice and Respiration, Clinical Practices; General Information about Mechanisms of Phonation; Vocal Chords; Resonance and Basic Concepts of Resonance; Resonator Structures, Sound Effects; Professional Voice; Factors That Affect Voice Negatively; Voice Misuse and Abuse, Voice Protection; Vocal Exercises.

**DKT 217 Interpersonal Interaction 1+0 1,0**

Basic Concepts of Interpersonal Interaction: Interaction and communication, Elements of interaction and communication, Verbal and nonverbal communication; Linguistic and Paralinguistic Elements in Communication; Elements of Effective Communication; Communication Conflicts and Conflict Settlement; Group Dynamics and Communication; Group Life; Discourse and Context; Interpersonal Relations and Interactions in Educational Settings, Institutions, Hospitals and Everyday Life; Patient-Specialist Communication and Interaction.

**DKT 218 Functional Communication Training 2+0 2,0**

Definition of Functional Communication Training; Areas of Use of Functional Communication Training; Increasing Communication Functions of Individuals and Help Them Gain New Communication Functions; Functional Communication Training for Reducing Problem Behaviors; Stages of Teaching Functional Communication Skills; Environmental Assessment; Determining Communication Skills That Individuals Have; Techniques Used in Learning New Communication and Functions.

**DKT 219 Pharmacology for Speech and Language Therapists 1+0 2,0**

Definition of Pharmacology; The Concepts of Pharmacokinetics and Pharmacodynamics and Definition of Drugs; Principles of Drug Use; Health Protection; Importance of Preventive Health System: First, second and third prevention; CNS Inhibitive and Stimulative Drugs; Effects and Contraindications of Opioid Drugs; Drug and Alcohol Addiction; Non-steroidal Anti-inflammatory Drugs: Analgesics, antipyretics and anti-inflammatories; Glucocorticoids: Effects, Side effects and contraindications; Antihistamines: Effects and side effects.

**DKT 220 Recognition of Self/Others and Communication Management 1+0 1,0**

Recognition of Self and Other Individuals: Aims, Importance, Principles; Functions of Information Gathering; Individual Recognition Techniques and Classification of Techniques: Success, Talent, Personality, Interests and Attitude Tests; Techniques Based on Observation; Self-report Methods: Interviews, Problem solving; Basic Concepts of Human Relations: Empathy, Sincerity, Transparency, Respect and Unconditional acceptance; Listening Techniques.

**DKT 221 Audiology in Speech and Language Therapy I 3+1 4,0**

Knowledge of Audiology; Scope and Definition; Importance and Necessity of Audiology for Speech and Language Therapists; Hearing Loss; Hearing Degrees; Hearing Tests; Hearing Aids and General Information About Assessment; Effect of Hearing Loss on Language Acquisition; Principles of Cochlear Implantation; Language Development in Children with Cochlear Implantation; Main Principles of Rehabilitation in Children with Cochlear Implantation and Children with Hearing Aids.

**DKT 222 Nonverbal Communication and Sign Systems 2+0 2,0**

Communication, Components of Communication; Communication Systems; Verbal and Non-Verbal Communication; Linguistic and Para-linguistic Components in Communication; Factors Impeding Communication; Non-verbal Communication Systems: Animal communication, Sign and sign language systems, sign language systems around the world; Sign Language Use in Turkey.

**DKT 223 Psycholinguistics: Language Acquisition, Theories and Speech Delay 3+1 4,0**

Typical Language Acquisition; Language Development Milestones in Infants, Preschoolers and School Age Children; Development of Phonology, Syntax, Semantics and Pragmatics; Children with Speech and Language Delay; Comparison of Typical and Atypical Language Development; Case Stories and Examples in Child Language Development; Language Development of Turkish Speaking Children and Cross-linguistic Variation and Comparison; Language Sampling Techniques; Obtaining

Language Sample Using SALT Software; Evaluation and Interpretation of Language Sample.

**DKT 224 Childhood Language Disorders and Early Intervention 3+1 4,0**

Childhood Language Disorders: Classification and Causes; Early Intervention; Importance of Early Intervention in Speech and Language Disorders; Theories and Approaches in Language Development and Therapy in Children; Comparison and Application of Theories and Approaches; Problems in Childhood Language Disorders: Definitions and Features; Assessment and Diagnosis Scales; Therapy Approaches: Therapist-centered approaches, Child-centered therapy approaches; Sabotage Strategies.

**DKT 225 Clinical Linguistics I 2+0 2,0**

Definition of Linguistics; Subjects of Study; Subfields of Linguistics; Universal Characteristics of Language Production; Universal Linguistics; Characteristics of Deep and Surface Structure; Components of Language: Semantics, Morphology, Phonology, Syntax, Pragmatic; Basic Terminology of Components of Linguistics; Double Articulation; Phrase Structure Rules; Conversational Operations in Sentence Generation; Clinical Linguistics: Definition, Relations between linguistics and speech-language therapy; Contribution of Linguistics to Speech Disorders.

**DKT 226 Clinical Linguistics II 2+0 2,0**

Applying Clinical Linguistics to Speech and Language Therapy; Linguistic Approach to Communication Development and Disorders; Description of Speech and Language Disorders with Linguistics Theories; Psycholinguistics and Neurolinguistics; Analysis of Turkish Phonetics, Phonology, Semantics, Syntax, Morphology with Clinic Linguistics Methods; Contents of Language Tests and Therapy Materials; Parameters of Qualitative Language Measures; Natural Language Data Collecting Methods.

**DKT 228 Clinical Phonology 2+0 2,0**

Clinical Phonology: Definition and Terminology; Importance of Phonology in Speech and Language Therapy; Phonology Theories and Clinical Applications; Distinctive Features Theory; Natural Phonology Theory; Language Universals; Contemporary Theories; Phonological Process Applications in Clinical Assessment; Phonological Discrimination Methods; Phonological Development in Normal and Disabled Children; Phonological Disorders; Phonological Data Collecting from Children and Sound Repertory; Analysis of Applications in Phonological Process.

**DKT 230 Computerized Speech Laboratory 2+1 2,0**

Analysis and Synthesis Made by Information Technologies Used in Diagnosis and Treatment of Language, Speech and Hearing Impairments; Introduction to Computer Software; Analysis of Speech Sounds on Computer: Processing of digital signals, Creating speech sounds on computer; Acoustics Speech Synthesis, Speech Synthesis Based on Articulation.

**DKT 232 Neurolinguistics 2+0 2,0**

A Historical Overview of Language and Brain Studies; Imaging and Behavioral Methods Used in Studying the Relationship between Language and Brain; Neurolinguistic Models of Language Components (Phonology, Morphology, Syntax, Semantics, Pragmatics); Current Issues about Language and Speech Disorders in Neurolinguistic Studies; Neurolinguistics Approach to Developmental Language Disorders (Autism, Specific Language Impairment, etc.); Neurolinguistic Approach to Acquired Language Disorders (Aphasia, Right-Brain Injury, Traumatic Brain Injury).

**DKT 234 Clinical Assessment in Speech and Language Therapy 2+1 3,0**

Assessment in Speech and Language Therapy: Psychometric measurement, Definitions; Basic Scanning, Identification and Interview Techniques; Importance, Principles and Application of Scanning, Measurement and Interview Techniques in Speech and Language Therapy; Formal and Informal Assessment; Naturalistic Data Collection and Analysis; Interpretation and Reporting of Different Scanning, Measurement and Interview Techniques in Different Speech and Language Therapy Techniques; Presentation and Discussion of Various Scanning, Measurement and Interview Techniques.

**DKT 236 Play and Activity Based Intervention 2+0 2,0**

Types of Plays; Play for Different Age Groups; Types of Toys; Selection of Toys for Children in Different Development Stages; Relationship between Language Development and Play; Relationship between Cognitive Development and Play; Play Preferences of Children who with Special Needs; Intervention Models Based on Activity; Plays with Activities; Preparation and Use of Play and Activity Based Intervention in Language and Speech Therapy.

**DKT 301 Neurogenic Acquired Language Disorders I 3+0 4,0**

Aphasia: Definition, terminology and effects on language production; Loss of Literacy; Types of Aphasia; Clinical and Linguistic Classification; Assessing Language Models; Standard Language Tests; Adaptation of Standard Tests to Turkish, Adaptation Related Problems; Therapy Models, Plans and Application; Causes and Assessment of Language Problems Related to Right Hemisphere Dysfunctions.

**DKT 303 Fluency Disorders I 3+0 4,0**

Definition, Causes, Types, and Evaluation of Dysfluent Speech; Stuttering; Biological and Physiological Causes of Stuttering; cluttering; Developmental Stuttering; Acquired Stuttering; Early Stuttering; Therapy Methods and Techniques; Use of Technology in Early and Adult Stuttering.

**DKT 309 Articulation and Phonological Disorders 3+1 4,0**

Articulation and Phonology: Definition and terminology, Relation of articulation and phonology; Classification of

Articulation and Phonological Disorders; Biological and Neurological Components for Articulation and Phonological Production; Characteristic Features and Etiology of Articulation and Phonological Disorders; Negative Effects of Articulation and Phonological Developmental Delays on Academic and Social Development; Assessment of Articulation and Phonological Disorders; Therapy Methods for Articulation and Phonological Disorders.

**DKT 310 Alternative and Augmentative Communication Systems and Technologies 2+0 2,0**

Instruments and Methods Used to Meet the Needs of People with Speech and Language Disorders; Signs and other symbol systems; Use of Technology: Devices and equipment used (from handmade devices to computer-aided speech production), Functions and characteristics of these devices and equipment. Practice in Speech and Language Laboratories.

**DKT 311 Working With Families in Speech and Language Therapy 2+0 2,0**

Concept of Family; Terminological Clarification on the Concept of Disability; Involvement of Individuals with Speech and Language Disorders in Family; Models Explaining Adaptation to Disability: Stage model, Model of continuous sadness, Helplessness-meaninglessness-weakness model; Adaptation of Chaos Theory to Adaptation Process; Psychological Dynamics of Adaptation to Disability; Effect of Cultural Structure on Adaptation to Disability; Practices with Families That Have Disabled Children; Status of Families of Children with Disabilities in Turkey; Working with Family in Speech and Language Therapy and Educational Processes.

**DKT 313 Speech and Language Therapy in Intellectual and Multiple Disabilities 2+0 2,0**

Language Acquisition and Language Characteristics of Children with Intellectual and Multiple Disabilities; Language and Cognition Development; Karyotype and Behavioral Differences; Down Syndrome, Williams Syndrome, Hydrocephaly; Theoretical Approaches to Language Acquisition; Assessment Methods and Differential Diagnosis; Therapy Practices with Children with Intellectual and Multiple Disabilities; Case Studies and Applied Studies.

**DKT 314 Speech Therapy and Rehabilitation for the Hearing Impaired 2+0 2,0**

Augmentative Speech Therapy Methods and Techniques for Children with Hearing Impairment; Therapy Techniques to Improve Auditory Discrimination; Therapy Techniques to Advance Articulation Skills; Therapy Techniques to Advance Lip Reading Skills; Therapy Techniques to Improve Functional and Prosodic Features of the Speech of the Hearing Impaired.

**DKT 315 Special Practices in Speech and Language Therapy for Individuals with Autism** 2+0 2,0

Language Characteristics and Language Acquisition of Child and Individuals with Autism; Language Assessment; Alternative Language Assessment Methods; Behavioral Language Assessment Methods; Language Therapy in Autism; Initiating Communication; Programming, Different Therapy Methods; Receptive and Expressive Language Activities; Advanced Therapy Practices.

**DKT 317 Coping With Stress** 1+0 1,0

What is Stress; Psychological Mechanism of Stress; Awareness of Stress Factors and Stressful Environments; Positive and Negative Meanings of Stress; Short-Term and Long-Term Stress; Stress and Personal Characteristics; Stress and Psychopathologies; Strategies to Cope with Stress; Using Social Support; Individual Coping Methods; Living with Stress; Stress as an Energy; Methods of Self-Control; Methods for Controlling Others.

**DKT 318 Introduction to Language Disorders in Bilingual and Multilingual Cultures** 2+0 2,0

Bilingual and Multilingual Cultures; Definition of Bilingualism and Multilingualism and Basic Terms; Language Acquisition and Cognitive Development in Bilingual and Multilingual Children; Stages of Language Acquisition; Theories of Language Acquisition in Bilingualism and Multilingualism; Bilingualism, Multilingualism and Brain; Underlying Causes of Language Disorders in Bilingual and Multilingual Children; Assessment and Therapy Approaches in Bilingualism and Multilingualism; Case Studies.

**DKT 319 Child Psychology and Adaptation Problems** 2+0 2,0

Concept of Psychology; Various Theories of Psychology; Psychological Maturity; Child Psychology and Stages of Psychological Development; Definition and Causes of Psychological Disorders; General Symptoms of Psychological Disorders; Defense Mechanisms Developed by an Individual; Psychology in Family; Adaptation Problems of Children: Reasons of adaptation problems; Neurosis in Childhood and Psychosis in Childhood.

**DKT 320 Speech and Language Therapy in Psychiatric Disorders** 2+0 2,0

Child Mental Health; Symptoms of Common Mental Disorders Inhibiting Communication; Autism; Childhood Schizophrenia; Basic Medical Terms in Mutism; Cooperation of Physicians and Speech and Language Therapists in the Diagnosis and Assessment of Cases; Adult Psychopathology; Psychiatric Disorders in Adulthood, Definitions and Medical Terms; Cooperation of Physicians and Speech and Language Therapists.

**DKT 321 Introduction to Voice and Swallowing Disorders** 3+0 3,0

Normal Voice: Structures and Production; Respiration, Larynx and Phonation; Resonance; Types of Voice

Disorders; Perceptive and Acoustic Features and Causes of Functional, Neurological and Organic Voice Disorders; Dysphagia: Anatomy of swallowing, Structures, Neuroanatomy and Physiology of normal swallowing; Swallowing Disorders: Neurogenic, Mechanical, and Structural swallowing disorders, causes.

**DKT 322 Neurogenic Acquired Language Disorders II** 2+1 3,0

Aphasia Caused by Neurogenic Problems; Acquired Language Disorder; Discussion of Factors Related to Prognosis; Evaluation of a Aphasic Patient and Determining the Type of Aphasi; Traditional and Special Therapy Techniques: Stimulation therapy, MIT, HELPSS, PACE, RET, CIT; Writing, Developing and Using Appropriate Therapy Plans for Patients with Different Types of Aphasia.

**DKT 323 School Age Language Disorders: Assessment and Therapy** 3+1 4,0

Delayed Language and Speech; Pervasive Problems; Risk Factors for Early Literacy; Specific Language Impairment: Typical and atypical aspects of grammar; Genetic Factor in Language Disorders; Pragmatic Language Disorder; Acquired Epileptic Aphasia; Education-related Problems; Reading and Writing Difficulties; Dyslexia; Specific Learning Difficulties; Differential Diagnosis of Childhood Language Disorders; Pediatric Neurology; Cooperation between Speech Therapists and Pediatric Psychiatrists; Applied Researches.

**DKT 324 Fluency Disorders II** 2+1 3,0

Evaluation Techniques for Early and Adult Stuttering; Therapy Approaches and Techniques; Modern Therapy Approaches and Technology Use in Early and Adult Stuttering: Planning, developing and practicing therapy for childhood and adult stuttering, Evaluation methods; Planning and Practicing Therapy in Cluttering.

**DKT 325 Motor Speech Disorders: Dysarthria and Apraxia** 2+1 3,0

Definition, Classification, Types and Causes of Motor Speech Disorders; Dysarthria, Apraxia, Developmental Dyspraxia; Upper and Lower Motor Neuron Disorders; Disorders of Pyramidal, Extra-Pyramidal and Cerebellar Systems; Problems in the Motor Planning of Speech; Assessment, Differential Diagnosis, Therapy Methods and Practice.

**DKT 326 Basic Knowledge of Ortodontics and Denture Prosthesis** 1+0 2,0

Orthodontic Development in Growth; Developmental Stages; Basic Terms; Ortodontic Interventions in Cleft Palate; Ortodontic Diagnosis and Assessment; Types of Prostheses, Dentition; Teamwork in Intervention; Orthodontic Intervention in Early Infancy; Orthodontic Problems and Interventions in Children with Craniofacial Anomaly; Speech Apparatuses and Application Procedures; Family Education.

**DKT 328 Voice Disorders: Assessment and Therapy 3+1 4,0**

Prevention, Assessment and Therapy Processes of Voice Disorders in Children and Adults: Case History, Perceptual Assessment and Analysis, Instrumental Measurement; Evaluation and Reporting; Collaboration with ENT Doctors and Other Disciplines; Prevention of Voice Disorders; Therapy Approaches: Voice hygiene and Prevention techniques, Vocal function exercises, Accent therapy, Different therapy techniques; Laryngectomy; Practicum with Cases.

**DKT 330 Speech and Language Therapy for Patients with Cleft Lip and Palate 2+1 3,0**

Speech Problems of Children and Adults with Anomalies of Craniofacial Structures Including Orofacial Clefting of the Lip and Palate; Embryology, Speech Therapy Attempts Before Surgery; Team Approach to Assessment, Role of Speech and Language Pathologist in Surgery; Assessment of Speech and Therapy Approaches; Applied Studies.

**DKT 332 Swallowing Disorders: Assessment and Therapy 3+1 4,0**

Evaluation and Diagnosis of Feeding and Swallowing Disorders (Dysphagia) in Infants, Toddlers, Children and Adults; Therapy Methods for Swallowing Disorders; Radiological Screening; Bedside Assessment; Videofluoroscopic Evaluation; Fiberoptic Evaluation and Therapy Methods; Practicum and Case Management.

**DKT 334 Scientific, Medical, Professional Ethics 2+0 2,0**

General Principles of Ethics: Introduction to ethics, Ethical theories; Ethics of Science: Ethics of scientific research, Fundamental principles of scientific research ethics; Ethics of Scientific Research: Basic principles of research ethics, Ethical assessments in scientific research; Publication Ethics in the Production of Scientific Knowledge; Professional Ethics: Importance of professional ethics, Effects of Professional Ethics on Professional Life; Medical Ethics and Principles; Ethics for Speech and Language Therapy.

**DKT 407 Overview of Evidence Based Practice in Speech and Language Therapy 2+0 2,0**

Characteristics of Single Subject Research Design; Single Subject Research Design in Speech and Language Disorders; Data Collection Techniques; Data Analysis Techniques and Research Models; AB, ABAB, Multiple Baseline and Comparison Models; Randomized Control Patterns; Discussion of Research Articles on Evidence-Based Practices; Interpretation of Meta-Analysis Studies.

**DKT 408 Gerontology-Introduction to Geriatrics 2+0 2,0**

An Overview to Gerontology-Geriatrics; Importance of Geriatrics in Speech and Language Therapy; Role and Responsibilities of Therapists; Demographic and Epidemiological Characteristics of Aging; Biological Processes in Aging: Physical, Cognitive, Feeding, Psychosocial Changes; Coping with Aging; Health

Education and Counseling; Psychosocial Geriatrics: Dependency and independency, Care, Legal arrangements and related public utilities, Related non-governmental organizations; Geriatric Rehabilitation: Principles of geriatrics, Medical and social rehabilitation; Clinical Geriatrics: Gastrointestinal and respiration disorders, Cardiovascular diseases; MSS and Neuropsychiatric Disorders: Alzheimer, Dementia, Parkinson's disease, etc. ; Musculoskeletal and sensory disorders, Oncological disorders, Intoxications, Accidents.

**DKT 409 Advanced Clinical Practicum III 2+12 10,0**

Assessment and Therapy Methods in Speech and Language Pathology; Development and Use of Checklists and Test Kits for the Assessment and Therapy of Individuals with Speech and Language Disorders; Use of Technology in Assessment, Development of Therapy Instruments, Therapy and Reporting.

**DKT 410 Advanced Clinical Practicum IV 2+12 10,0**

Assessment and Intervention in Speech and Language Therapy and Practice of Therapy Methods with Cases; Assessment in Speech and Language Disorders and Control Lists Used in Therapy; Assessment Tools; Test Kits; Development and Use of Therapy Instruments; Use of Technology; Determination and Implementation of Appropriate Therapy Method; Hands-on Practice with Therapy Techniques with Different Cases; Case Report Writing, Record Keeping, and Reporting.

**DKT 413 Specific Learning Disabilities: Dyslexia and Dysgraphia 2+0 2,0**

Specific Learning Disabilities: Definition, Concepts, Classification and characteristics; Definition of Dyslexia and Dysgraphia; Developmental Processes in Linguistic and Meta-Linguistic Abilities; Development of Reading and Writing; Developmental and Acquired Dyslexia and Dysgraphia; Theories and Approaches in Dyslexia and Dysgraphia; Assessment and Differential Diagnosis Methods, Therapy Approaches; Development of Therapy Equipment; Case Studies and Applied Studies.

**DKT 415 Pediatric Feeding and Swallowing Disorders 2+0 2,0**

Typical Pediatric Swallowing Development; Anatomy and Physiology of Swallowing in Children; Medical Swallowing Problems in Infants and Children; Role of Speech and Language Therapists; Clinical Assessment and Diagnosis Approaches; Teamwork; Therapy in Feeding and Swallowing Disorders; Behavioral Feeding Problems; Breastfeeding Techniques; Alternative Feeding Methods; Family Education; Drooling; Therapy of Drooling; Therapy Practices.

**DKT 417 Overview of Single-Subject Research 2+0 2,0**

Characteristics of Single-Subject Research Methods; Single-Subject Research in Language and Speech Disorders; Comparison of Case Study Designs with Single-Subject Models; Data Collection Techniques; Graphical Data Analysis Techniques; Research Models; AB, ABAB,

Multi-Start Level and Comparison Models etc.; Reading Single-Subject Research Papers on Speech and Language Therapy.

**DKT 418 Life Long Counselling in Speech-Language Therapy: Family, School and Clinic** 2+0 2,0

Definition and Scope of Consultation and Support Services; Counselling for Families and Teachers of Individuals with Communication Problems; Family Education; Effective Counselling Skills in Speech and Language Counselling Services; Approaches to Counselling, Discussion of Solutions to Common Problems in the Counselling Process; Differential Properties of Counselling Services to Individuals with Developmental and Acquired Speech and Language Disorders.

**DKT 419 Basic Imaging and Analysis Methods in SLT** 2+0 2,0

Introduction to Imaging and Analysis Methods: Videofluoroscopy, Nasoendoscopy, Ultrasonography, Videostroboscopy, CSL in Assessment and Therapy of Speech and Language Disorders; Selection of Methods According to Disorders; Basis and Aim of Usage: Using imaging and analysis methods practically on cases with supervisor, and if necessary, in collaboration with physicians and other disciplines; Writing Individual Case Reports.

**DKT 420 Final Project II** 0+2 2,0

Further Work on the Topic Specified in Final Project I; Fieldwork on Methodology; Data Collection; Evaluation of the Data: Data analysis, Use of statistics in data analysis; Using Proper Data Analysing Methods for Professional Case Management in Clinical Practices of Speech and Language Disorders; Reporting the Datas of Analyzed Case; Completing and Reporting on the Individual Project.

**DKT 421 Final Project I** 0+2 2,0

Determination and Use of References in a Specific Topic: Access to Internet and library resources, Examination of information obtained, Survey of literature, Determining methodology of the study; Data Collecting; Using Technology for Therapy Materials, Therapy and Reporting.

**DKT 422 Developing Therapy Program, Material and Product** 2+0 2,0

Assessment in Speech and Language Disorders; Making a Therapy Plan and Applying the Plan According to Therapy Methods Used for Speech and Language Disorders; Creative and Innovative Materials in Therapy; Developing and Using Materials.

**DKT 423 Electrophysiology and Electrotherapy Techniques in Speech and Language Therapy** 2+0 2,0

Definition and Use of Electrophysiology and Electrotherapy Techniques in Speech and Language Therapy; Objective Methods Used in Diagnosis and Treatment; Electrophysiological Assessment of Muscle Activity by

Receivers Inserted under the Chin during Swallowing; Normal Electrophysiological Values According to Age; Use of Electrotherapy Devices for Rehabilitation in Dysphagia: Types of electric current used in treatment, Implementation methods, Physiological effects, Electro-diagnostic tests; Faradic and Galvanic Currents; TENS Currents and Their Use; Posture, Muscle Tension and Identification of the Parts of Muscles Working during Swallowing.

**ETK 209 Scientific and Professional Ethics** 2+0 3,0

Concept of Ethics: Science and ethics, Concept of professional ethics; Distinction Between Science and Profession; General Principles of Ethics; Ethics of Scientific Research: Basic principles of research ethics, Ethical assessments in scientific research; Publication Ethics in the Production of Scientific Knowledge; Professional Ethics: Importance of professional ethics, Effects of Professional Ethics on Professional Life; Principles of Professional Ethics of Social Work; Ethics in Social Work Practice; Ethical Dilemmas and Solutions; Value Debate in Social Work; Case Examples.

**FEL 107 Philosophy** 2+0 2,0

Activities Related to Philosophy; Main Areas of Philosophy; Basic Concepts and Problems of Philosophy; Metaphysics; Epistemology; Fenomenalism; Problems of Ethics: Kantian ethics, Pragmatism; Philosophy of Science: Classical scientific method, Problem of induction, Verificationism, Falsification; Philosophy of Politics: Equality, Democracy, Freedom, Punishment, Civil disobedience; Philosophy of Art.

**FİZ 127 Basic Physics and Physics of Sound** 2+1 3,0

Basic Physics and Methods: Measurement and unit systems, Physical, scalar and vector quantities; Motion and Causes: Displacement, Velocity, Acceleration, Newton's laws; Oscillation: Simple harmonic motion, Pendulum; Types of Waves: Mechanical waves, Electromagnetic waves, Earthquake; Transverse and Longitudinal Waves: Coil spring, Wire, Rope, Rubber, Sources of waves; Characteristics of Sound: Wavelength, Amplitude, Frequency, Velocity; Energy as a Sound: Low and high frequency, Structural aspects, Tone, Acoustics; Sound Interaction with Matter: Diffusion, Reflection, Resonance, Recording; Sound Interference and Diffraction: Doppler; Sound and Light: Waves, Diffusion, Solar, Lunar eclipse, Sound insulation; Sound and Hearing.

**HUK 138 Constitutional Law** 3+0 4,0

Political Power and the State: Legal theory of the State, Government systems; Constitution and Constitutional State: Constitutionalism, Requirements of a constitutional state; Constitutional State and Democracy: Definition, Types, Principles and Organizations of democracy; Development of Constitutionalism in Turkey; 1982 Constitution; Fundamentals of Constitutional Regime: Philosophy of the Constitution, Qualities of the Republic; Power Map of the Constitution: Legislature, Executive, Judiciary powers, Constitutional Court, Political parties.

**HUK 139 Fundamental Concepts of Law 3+0 3,0**

Rules of Social Order and the Law; Rules of Law and Sanctions; Sources of Law: Statutes, Regulations, By-laws; Types of Legal Rules; Precedent Law; Turkish Judicial Systems; Branches Law: Public law, Private Law; Branches of Private Law; Branches of Public Law; Implementation and Interpretation of Law; Concept of Legal Relationship and the Parties; Concept and Types of Rights; Persons: Real Persons, Legal Persons; Acquiring, Losing and Protection of Rights.

**İKT 129 Economics 3+0 3,0**

Basic Concepts; Example of Applications; Models of Supply and Demand; Demand Curve and Consumer Behavior; Competition; Monopoly; State Intervention; Supply and Demand; Monetary Policies; Market Balance; Changes in Market Balance; Consumer Balance; Production Function and Technology; Welfare Economics; Economic Structure of Turkey; Economic Expansion and Development; Unemployment.

**İLT 115 Communication Skills 2+0 2,0**

Identification of the Basic Concepts of Communication Sciences; Elements of Communication, Factors Influencing Communication; Interaction and Communication Techniques; Verbal and Nonverbal Communication, Body Language in Communication, Interpersonal Problem Solving and Conflict Resolution Skills; Comprehension of Effective Communication Skills and Using These Communication Skills.

**İNG 177 English I 3+0 3,0**

Using the Simple Present; Talking about Yourself, Your Family, and Your Favourite Things; Using the Simple Present and Present Continuous; Using 'if and when'; Talking about Health, Remedies, Sleep Habits and Stress; Using going to and the Present Continuous to Talk about the Future; Talking about Birthdays, Celebrations, and Favourite Holidays; Using the Simple Past; Using 'all', 'most', 'a lot of', 'a few'; Talking about Childhood, School, and Your Teenage Years; Using 'Is there?' and 'Are there?' to Ask about Places in a Town; Using Location Expressions like 'across from' and 'outside'; Talking about Stores and Favourite Places in Your City or Town.

**İNG 178 English II 3+0 3,0**

Using Infinitives; Asking for and Giving Advice and Suggestions; Responding to Suggestions; Using 'Do you mind ...?' to Ask for Permission and 'Would you mind....?' to Make Requests; Using the Past Continuous for Events in Progress in the Past; Making Comparisons with Adjectives; Using more and less with Nouns and Verbs; Talking about Different Ways of Communicating; Managing Phone Conversations; Using 'have' and 'have got to' to Describe People; Talking about What People Look Like; Using will, may and might to Talk about the Future; Using 'if' and 'when' and the Present Tense to Refer to the Future; Talking about Plans and Organizing Events; Using 'will' to Make Offers and Promises.

**İNG 179 Advanced English I 3+0 3,0**

Using Manner Adverbs and Adjectives to Talk about People's Behaviour and Personality; Adding Prefixes to Make Opposites; Using the Present Perfect; Talking about Experiences; Using the Superlative Form of Adjectives; Talking about Rules and Discipline; Using 'used to' and 'would' to Talk about Memories; Talking about Family, Relatives and Childhood; Talking about Eating Habits and Different Ways to Cook Food; Responding to Suggestions; Refusing Offers Politely; Using 'will, going to, the Present Continuous and the Simple Present' to Talk about the Future; Talking about Future Plans, Facts, Predictions and Schedules; Using Expressions with 'make' and 'do'.

**İNG 180 Advanced English II 3+0 3,0**

Making Sentences with Relative Clauses; Using Phrasal Verbs; Talking about Imaginary Situations or Events in the Present and Future; Giving Advice; Including Questions within Questions and Statements; Talking about Problems with Technology; Using the Present Perfect Continuous to Talk about Recent Activities; Talking about Social Life and Different Kinds of Movies; Using Adjectives ending '-ing' and '-ed'; Showing You Understand another Person's Feelings or Situation; Using the Simple Past Passive in News Stories; Talking about Local and International News Events; Talking about Extreme Weather and Natural Disasters.

**İNG 225 Academic English I 3+0 3,0**

Reading Skills for Academic Study: Understanding key vocabulary, Getting the gist of the text, Skimming and scanning, Understanding text organization, Developing basic vocabulary knowledge; Listening Skills for Academic Study: Listening for main idea, Listening for detailed information, Listening to short daily conversations, Listening for key ideas; Speaking Skills for Academic Study: Introducing oneself, Maintaining everyday conversations, Giving descriptions of events, Asking and answering questions; Writing Skills for Academic Study: Writing simple sentences, Writing notes, Writing basic descriptions of events, Writing informal letters.

**İNG 226 Academic English II 3+0 3,0**

Reading Skills for Academic Study: Exposure to simple academic texts, Developing reading fluency, Identifying text type, Improving academic vocabulary knowledge, Distinguishing key ideas from supporting details; Listening Skills for Academic Study: Distinguishing main idea from the detailed information, Listening to short texts on different topics, Noticing intonation; Speaking Skills for Academic Study: Asking for information, Giving detailed information on relevant topics, Asking for and giving directions; Writing Skills for Academic Study: Writing simple and compound sentences, Writing simple biographies, Writing brief reports, Writing short paragraphs.

**İNG 325 Academic English III 3+0 3,0**

Reading Skills for Academic Study: Developing reading fluency, Adapting reading style to different text types,

Practicing critical reading skills; Listening Skills for Academic Study: Listening to longer texts, Listening to short authentic texts, Recognizing stress and intonation; Speaking Skills for Academic Study: Asking for clarification, Asking for confirmation, Giving reasons and explanations, Giving short presentations on familiar topics; Writing Skills for Academic Study: Identifying different styles of paragraphs, Paraphrasing ideas in short texts, writing academic paragraphs, Writing formal and informal academic texts, Writing summaries.

**İST 124 Statistics** **3+0 3,0**  
Statistic, Sampling, Evaluation of Measurable Data; Probability, Basic Probability Distributions; Materiality-Significance Tests; Non-parametric Statistics for Quantitative Data; Analysing Qualitative Value of Distribution; Analysing Variance; Evaluation of Relations Between Variables; Correlation, Regression, Diagnostic Tests; Confidence and Interval Estimations in Statistics; Basic Test Schemes; Submission of Data and Evaluation and Statistical Analysis Methods on Computer; Basic Concepts of Health and Health-Related Institutions and Organizations' Statistics.

**İST 241 Biostatistics** **3+0 4,0**  
Scientific Research, Sampling, Evaluation of Quantifiable Data; Probability, Basic Probability Distributions; Significance Tests; Nonparametric Statistics for Qualitative Values; Variance Tests; Assessment of Correlation between Variables; Correlation, Regression, Diagnostic Tests; Confidence Interval and Interval Prediction; Basic Level of Experiment; Data and Assessment Presentation and Computerized Statistics Analysis Methods.

**İST 348 Biostatistical Practices** **2+0 2,0**  
Descriptive Statistical Calculations; Creating Tables and Graphics; Basic Theoretical Distributions and Sampling Distributions; Standard Error and Confidence Intervals; Hypothesis Tests; Correlation and Regression Analysis Methods; Advanced Applications of Statistics on Computer; Statistical Analysis Methods on Computer.
